

## EASTER GREETINGS

### The Peoples Warehouse

## SOCIETY EVENTS

At the Presbyterian parsonage Wednesday evening Mr. George Bear and Miss Mildred Fehr were united in marriage by Rev. W. L. Van Nuy, pastor of the Presbyterian church. The ceremony was performed at 8 o'clock in the presence of a few friends and relatives.

Both the newly married people are well-known and popular here. For a year or more Mr. Bear has been in charge of the furnishing goods department at the Teutsch store and is now with the Livengood company. They will make their home at 507 Bush street.

Mrs. Laura Davis of Hermiston will be the guest of Mrs. Leon Cohen over Easter.

Mrs. R. E. Swinburn returned on Thursday from a two weeks' visit at Portland.

Mrs. E. A. Vaughan will entertain the members of the Sans Souci club on next Monday evening.

Miss Bertha Alexander, who has been spending the week at Hermiston, is expected home tomorrow.

Mrs. Selkirk Norton has been selected as soloist for the final grand concert to be given on May 15 by the Walla Walla Symphony concert. Mrs. Norton has also been honored by the Weston normal, who have secured her services for the commencement exercises in June.

Miss Lillian Stanfield of Echo, was the guest of Miss Iva Hill a few days.

Mrs. William Moore was hostess on Tuesday afternoon for the Thimble club, of which she is a member.

Mrs. Charles Hamilton was a visitor in Pendleton this week, the guest of her mother, Mrs. Ruth Strahorn.

Miss Gertrude Moule celebrated her birthday anniversary on Tuesday.

### A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It is a record of over forty years of cures. It is the most potent invigorating tonic and strengthening medicine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of women's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy or known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equalled. Little sugar-coated granules—easy to take as candy.

afternoon by inviting a few of her playmates to spend the afternoon and play games.

Mrs. Hexter and Miss Irene Hexter, who have been spending the winter with Mrs. Max Baer, returned to their home at Portland on last Thursday.

Word has been received from Dr. and Mrs. C. J. Smith of their safe arrival in New York on April 9. They are at present visiting relatives in Columbus, Ohio, and will go from there to Minneapolis where they will visit for two weeks, with Rev. Dr. Dick, an uncle of Dr. Smith, returning to Pendleton some time about the fore part of May. Dr. W. L. Dick and wife of Columbus, who formerly resided in Pendleton, will accompany Dr. Smith and family as far as Minneapolis.

The first large post Easter event will take place on Tuesday afternoon at Eagles hall, invitations having been issued by the following ladies for cards: Mrs. Charles Franklin Colesworthy, Mrs. Allen Johnson Goodman, Mrs. Bertram Wilson Huffman, Mrs. Thomas Martin Henderson, Mrs. William Henry McCormack and Mrs. Gonzalez Montilla Rice.

The members of Sigma Epsilon Omicron society will give a leap year dancing party at Eagles' hall on next Wednesday.

Monday evening a dancing party will be given at the Armory by the officers and men of company L. Like the other dances given during the year by the company it will be informal. The music will be furnished by Johnson's orchestra.

## Club Notes

### Support the University.

The Thursday Afternoon club of this city has just passed the following resolution supporting the appropriation for the University of Oregon:

Whereas, A measure to amend section 3529 of Beilinger & Cotton's Annotated Codes and Statutes of Oregon, by increasing the annual appropriation for the support and maintenance of the University of Oregon, to \$125,000 has been filed in the office of the secretary of state, to be submitted to the legal electors of the state of Oregon for their approval or rejection at the regular general election to be held on the first day of June, 1908, be it

Resolved, That we, the members of the Thursday Afternoon club, do hereby endorse this measure and ask the voters of Umatilla county to use their influence to help pass the measure.

MRS. A. J. OWEN.  
MRS. T. C. TAYLOR.  
MRS. C. F. COLESWORTHY.

Committee.

### YEARLING SHEEP SELL WELL.

Yakima Paper Notes Excellent Conditions on Ranges.

Coffin Bros. have sold to George Wright, for the Yakima Sheep company, a band of yearling sheep at \$2.50 a head, says the Yakima Republic. This is a good figure and about marks the price at which future sales will be made.

Reports published in Oregon papers and given circulation from Portland, to the effect that lambs are suffering badly in the Umatilla country and thereabouts because of the lack of rain are denied by the East Oregonian of Pendleton, which notes various stockmen to the effect that the conditions are as good as could

be expected, and that the sheep are not suffering.

Regulations relating to the preparation of fleeces for market have been received by local wool growers and delays. One of the great objections is against the use of sisal or binder twine for tying up the fleeces. The loose fibre from the twine, it is alleged, clings to the wool throughout all the processes of manufacture and causes imperfect goods and consequent loss.

The gain from better care in tying the fleeces is that it will put American wool in closer competition with that of foreign countries. A large number of the dealers have agreed to notify their correspondents and buyers that they will not accept wool tied with sisal twine or wool that is tied with an undue amount of string.

### RAISE IRRIGATION FUND.

Payette Valley Farmers to Promote Government Project.

"A Government Project league" was organized this afternoon in the Commercial club, composed of one member from each of the commercial clubs in the Boise and Payette valleys, a member from the state board, from the reclamation service and one from the Water Users' association, says the Boise Capital News.

The object of the club is for the purpose of raising funds to advertise the lands under the various projects in this district and to assist the Water Users' association in distributing the fund to the best possible advantage.

Those present at the meeting were: J. E. Kerrick, Payette; A. J. Rockwood, Roswell; E. H. Plowhead, Caldwell; Mr. Craig, Emmett; Mr. Jennesse, Nampa; L. A. Coate, W. T. Booth and L. H. Cox, Boise; Dr. W. T. Drysdale, New Plymouth. Governor Gooding was present in the interests of the state, D. W. Ross for the reclamation service and J. H. Lowell as a representative of the Water Users' association.

The matter of raising funds was discussed and an apportionment was made to the various towns which would be benefited, as follows:

Boise \$4000, Meridian \$250, Nampa \$1000, Caldwell \$1000, Middleton \$250, Parma \$250, Roswell \$100, Emmett \$300, New Plymouth \$150, Kuna \$100, Payette \$300, Payette-Boise Water Users' association \$3000, state land board \$2000, Star \$150. Total \$13,350.

### Plenty of Trouble

is caused by stagnation of the liver and bowels. To get rid of it and headache and biliousness and the poison that brings jaundice, take Dr. King's New Life Pills, the reliable purifiers that do the work without grinding or griping. 25c at Tallman & Co's drug store.

### To Make Denatured Alcohol.

A model station for the manufacture of denatured alcohol is to be established in one of the buildings of the United States department of agriculture. Practical demonstrations will be given for the benefit of farmers and others interested in how to make alcohol out of various waste products of the farm, such as decaying fruit, corn, potatoes, and the like, which could not be used for any other purpose. Farmers have been slow to take up the manufacture of denatured alcohol or rather alcohol for denaturing purposes, and the secretary of that department wants to instruct and encourage them. In France the manufacture of denatured alcohol from waste products has become an industry of important proportions.

### How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and pleasant to take. Refuse substitutes. Pendleton Drug Co.

Mrs. Selkirk Norton, Teacher of Voice is open for engagements for concerts, oratorios, teas, receptions, club, public and social functions. For terms apply at studio, Room 10 Schmidt building.

### Golf Links for Walla Walla.

Professor A. C. Jackson of Whitman College, is interviewing citizens of the city today concerning the advisability and probability of establishing golf links in this city. It is the opinion of Professor Jackson that it would be feasible to lay out links in the new city park without in any manner hampering the use of the park for other purposes and he has taken it up with John Langdon to ascertain if there would be any objection to this plan.—Walla Walla Bulletin.

### Good Coal in Sight in Idaho.

Word received from Hiram Henry from his Horseshoe Bend coal mines that he has just opened a new coal ledge which is the largest ever cut in the state of Idaho, says the Boise Capital News. They were still working across it when the word was sent in and had gone eight feet with an end in sight. They now have 10 exposures of good coal on their property and are prepared to turn out 50 tons per day of good, merchantable coal.
